DEVELOPMENT AND PERFORMANCE AGREEMENT

THIS DEVELOPMENT AND PERFORMANCE AGREEMENT (this “*Agreement*”) is made and entered into as of [*Date*], 2021, by and between the **CITY OF OLIVETTE, MISSOURI**, a fourth-class city organized and existing under the laws of the State of Missouri (the “*City*”), and [*DEVELOPER*], a Delaware limited liability company (the “*Developer*”).

RECITALS

A. The City is authorized and empowered pursuant to the provisions of Article VI, Section 27(b) of the Missouri Constitution and Sections 100.010 through 100.200 of the Revised Statutes of Missouri (collectively, the “*Act*”) and the City Charter, to purchase, construct, extend and improve certain projects (as defined in the Act) and to issue industrial development revenue bonds for the purpose of providing funds to pay the costs of such projects and to lease or otherwise dispose of such projects to private persons or corporations for manufacturing, commercial, warehousing, office industry and industrial development purposes upon such terms and conditions as the City deems advisable.

B. The Developer has acquired or has contracts to acquire approximately five acres of land located on Irvington Court and Reyem Court in the City (as legally described on **Exhibit A**, the “*Project Site*”), upon which it proposes to construct a development consisting of approximately 207 residential apartments (the “*Project Improvements*”) and, together with the acquisition of a leasehold interest in the Project Site, the “*Project*”).

C. Pursuant to the Act, the City Council passed Ordinance No. _____ on July 27, 2021 (the “*Ordinance*”), which, (a) approved a Plan for an Industrial Development Project and Cost-Benefit Analysis related to the Project (the “*Plan*”) that contemplates the issuance of taxable industrial revenue bonds in connection with the provision of sales tax exemption on materials used in the construction of the Project and (b) approved this Agreement to describe the terms upon which the Project will be developed. Under Attorney General Opinion 180-81, the Missouri Attorney General determined that the construction and rental of multi-family apartments for profit is a commercial enterprise.

D. The City Council hereby determines that the implementation of the Project and the fulfillment generally of this Agreement are in the best interests of the City, and the health, safety, morals and welfare of its residents, and in accord with the public purposes specified in the Plan.

AGREEMENT

Now, therefore, in consideration of the premises and mutual promises contained herein and other good and valuable consideration, the adequacy and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

2.1. Project Costs.

(a) *Preliminary Costs.* The City and the Developer hereby acknowledge that, pursuant to the Preliminary Funding Agreement, the Developer is responsible for funding certain costs incurred by the City in connection with the preparation of the Plan and the negotiation and preparation of this Agreement (including, without limitation, attorney and consultant fees). To the extent that payment is not already provided by the terms of the Preliminary Funding Agreement, the Developer shall pay, upon receipt of an invoice from the City and supporting documentation consistent with the requirements of the Section 2 of

the Preliminary Funding Agreement, any costs incurred by the City related to the negotiation, preparation or review of any document related to the development, financing or refinancing of any portion of the Project (including, without limitation, Bond Documents, estoppels, consents and attornment agreements).

(b) *Issuance Costs.* The Developer shall pay, prior to or simultaneously with the issuance of the Bonds or a series thereof, all costs of issuance related to the Bonds or the applicable series, including, without limitation, City Attorney fees, Bond Counsel fees, and trustee fees, not to exceed [*\$50,000*]. Notwithstanding the foregoing, the limitation in the prior sentence shall not restrict any payments due under (a) above regarding City Attorney, Bond Counsel or trustee fees not directly related to the initial issuance of the Bonds, including, without, limitation, amendments to Bond Documents or estoppels or similar documents associated with refinancing the Project.

(c) *Construction Costs.* The Developer shall be solely responsible for funding or obtaining financing to fund all costs of acquiring and constructing the Project.

(d) *Off-Site Improvement Costs.*

(1) The Developer shall pay to the City, simultaneously with the issuance of the Bonds, the sum of \$80,000, which funds shall be used by the City to construct a public sidewalk along Alice Place from the Project Site's western property line westward to Price Road. The City shall be solely responsible for any costs of constructing the sidewalk in excess of \$80,000. Simultaneously with the execution of this Agreement, the Developer shall provide the City with copies of all engineering, plans and specifications previously procured by the Developer for the proposed sidewalk.

(2) The Developer shall be responsible for installing and paying all costs of installing a public sidewalk along Alice Place from the Project Site's western property line eastward to Hilltop Avenue. The parties acknowledge that there are private improvements, including fencing, in the City's right-of-way where the sidewalk will be located. Prior to the Developer commencing any sidewalk work within the right-of-way, the City will communicate with adjacent property owners to notify them that any private improvements, including fencing, encroaching on the City's right-of-way where the sidewalk will be constructed will be removed by the City or the Developer. The City will further communicate to the Developer and arrange for any related approvals or consents from any such adjacent property owners if any private improvements are to be relocated from the City's right-of-way to the adjacent property owner's property. If the City is not able to obtain written agreement from an adjacent property owner to remove such private improvements from the right-of-way, then upon Developer's request, the City will promptly remove such private improvements, and the Developer shall reimburse the City for the reasonable cost of such removal work within thirty (30) days after the Developer's receipt of an invoice from the City in reasonable detail.

ARTICLE III

OWNERSHIP OF THE PROJECT SITE; SCHEDULE; CONSTRUCTION OF THE PROJECT; CITY APPROVALS

3.1. Ownership of the Project Site. The Developer represents that either it and/or a Related Party has acquired or has a contractual right to acquire all of the real property included in the Project Site and required for construction of the Project, except for the property interests contemplated in the Price Road Access Agreement and the Public Access to North Price Road.

3.2. Project Construction.

(a) The Developer will substantially complete the Project Improvements by July 1, 2025, subject to **Section 3.8**. Substantial completion shall be determined by the City's acceptance or deemed acceptance of the Certificate of Substantial Completion pursuant to **Section 3.7**.

(b) Upon reasonable advance notice from the City, the Developer and its project team shall meet with the Mayor, the City Manager and such other City staff and consultants as designated by the Mayor or the City Manager to review and discuss the design and construction of the Work to enable the City to monitor the status of construction and the aesthetics of the Work and to determine that the Work is being performed and completed in accordance with this Agreement and the Municipal Code.

(c) Construction of the Work shall be pursued in a good and workmanlike manner in accordance with the terms of this Agreement.

3.3. Construction Contracts; Insurance. All construction contracts for the Work entered into by or on behalf of the Developer shall state that the contractor has no recourse against the City in connection with the contractor's construction of the applicable portion of the Work. The Developer shall obtain or shall require any contractor to obtain workers' compensation, commercial public liability and builder's risk insurance coverage in the amounts required by the Bond Documents and shall deliver evidence of such insurance to the City in accordance with the provisions of the Bonds Documents. The Developer shall require that such insurance be maintained by the contractors for the duration of the construction of the applicable portion of the Work.

3.4. Competitive Bids; Prevailing Wage; Federal Work Authorization; Minority and Women Business Enterprise Contracting Goals.

(a) The Developer shall comply with all federal, State and local laws relating to the construction of the Project, including, but not limited to, Section 107.170 of the Revised Statutes of Missouri and laws relating to the payment of prevailing wages and competitive bidding, to the extent such laws are applicable to the Project or portions thereof.

(b) The Developer will comply with and satisfy the requirements of Section 285.530.2 of the Revised Statutes of Missouri, which requires (1) any business entity receiving tax abatement to, by sworn affidavit and provision of documentation, annually affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the business entity receiving tax abatement, and (2) every such business entity to annually sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the entity receiving tax abatement. The Developer shall provide such affidavit, in substantially the form attached as

Exhibit C, and documentation to the City Manager or his designee on or before November 15 of each year during the term of this Agreement, beginning November 15, 2022.

(c) The Developer and the Developer's general contractor shall use good faith efforts to spend no less than fifteen percent (15%) of the Total Construction Value with minority and women owned subcontractors and suppliers (the "Contracting Goals"). The Developer and the Developer's general contractor shall provide a written report to the City each calendar quarter documenting past (commencing with the Effective Date), pending, and anticipated expenditures, and analyzing progress toward the Contracting Goals, including identification of any specialized areas of construction in which less than three minority or woman-owned businesses in the St. Louis metropolitan area were identified as potential subcontractors for such specialized construction.

3.5. Governmental Approvals. The Developer shall obtain or cause to be obtained all necessary Governmental Approvals and shall be subject to all lawful inspections and perform such necessary acts as are required under the ordinances of the City. The City agrees to cooperate with the Developer and to process and timely consider all complete applications for the Governmental Approvals as received, all in accordance with the Municipal Code and laws of the State; provided, however, that nothing herein contained shall be construed as the City's current approval of, or acquiescence to, any Governmental Approvals, the parties acknowledging that such matters can only be approved by the City in the proper exercise of its municipal functions through appropriate governmental procedures.

3.6. Concept Site Plan; Approved Site Plan; Zoning.

(a) *Approval of Concept Site Plan and Approved Site Plan.* The City hereby approves the Concept Site Plan and will not unreasonably withhold or delay approval of the Approved Site Plan. Such approval does not exempt the Developer from any site plan review process required by the Municipal Code. The parties agree that the Approved Site Plan shall govern the ultimate design and construction of the Project.

(b) *Changes.* The Developer may make changes from time to time to the Approved Site Plan as permitted by the Municipal Code.

(c) *Planned Zoning.* The Developer agrees that the Project will be developed pursuant to the M-U Gateway District zoning designation, as modified by Ordinance No. _____ passed by the City Council on _____, 2021 and any other amending ordinance of the City subsequently adopted, and will timely file all applicable site plan approval requests. The Developer acknowledges that the City may impose certain quality standards for the Project as part of such zoning.

3.7. Certificate of Substantial Completion.

(a) The Developer shall furnish a Certificate of Substantial Completion, in substantially the form of **Exhibit D**, which is hereby incorporated by reference, to the City.

(b) The appropriate City official shall diligently process the submitted Certificate of Substantial Completion, including making such inspections as may be reasonably necessary to verify the accuracy of the project architect's certifications accompanying the Certificate of Substantial Completion. The appropriate City official shall accept or reject the Certificate of Substantial Completion in writing within 45 days following delivery to the City. If the City fails to approve or reject the Certificate of Substantial Completion in writing within such 45-day period, then the Developer shall notify the City in writing of the City's failure to take action on the Certificate of Substantial Completion and the City shall have 45 days from receipt of such notice to accept or reject the Certificate of Substantial Completion in

writing. If the City has not accepted or rejected the Certificate of Substantial Completion within such 45-day period, the Certificate of Substantial Completion shall be deemed accepted by the City as of the expiration of such 45-day period. If the appropriate City official rejects the Certificate of Substantial Completion, such rejection shall specify in reasonable detail in what respects the Developer has failed to complete the Work in reasonable accordance with the provisions of this Agreement, or in what respects the Developer is otherwise in default, and what measures or acts the Developer must take or perform, in the good faith opinion of such City official, to obtain such acceptance.

(c) The City may issue any and all appropriate certificates of occupancy in accordance with the Municipal Code, even if the City has not yet accepted the Certificate of Substantial Completion.

3.8 Excusable Delay. Notwithstanding anything to the contrary contained herein or in the Plan, the schedule for completion of the Project Improvements described in **Section 3.2** and any other obligations herein shall be automatically extended by the number of days of delay caused by actions or events beyond the control of the Developer, including, without limitation, damage or destruction by fire or casualty, strike, lockout, civil disorder, war, restrictive government regulations, lack of issuance of any permits and/or legal authorization by the governmental entity necessary for the construction and occupation of the Project (provided that reasonable efforts have been made to obtain said permits/authorizations and all conditions precedent to the issuance of said permits and/or authorizations have been met), shortage or delay in shipment of material or fuel, acts of God, pandemic, unusually adverse weather or wet soil conditions, or other like causes beyond the Developer’s reasonable control, including without limitation any litigation, court order or judgment resulting from any litigation affecting the validity of this Agreement or the Bond Documents (collectively, an “Excusable Delay”). The parties agree that as of the date of this Agreement, no known condition or event exists that would justify an Excusable Delay. Notwithstanding the foregoing, no Excusable Delay will be deemed to exist unless the Developer notifies the City in writing of such Excusable Delay within 30 days after the commencement of the event causing such Excusable Delay (or within 30 days after the date that the Developer should reasonably have determined that such event will cause such Excusable Delay). An Excusable Delay shall not include any condition or circumstance caused or extended by the Developer or a Related Party or attributable to the action or inaction of the Developer or a Related Party, with the exception of any excusable delay under a construction contract with a Related Party. If unforeseen site conditions on the Project Site, such as unknown environmental contamination or geotechnical conditions not identified prior to the inception of the Project, cause significant delay in preparing the Project Site for construction of the Project Improvements, the deadlines provided in **Section 3.2** shall be extended for that period of time which the Developer can demonstrate to the reasonable satisfaction of the City Council to be necessary to remediate such conditions, but in no event shall the date for substantial completion in **Section 3.2** be extended beyond December 31, 2026.

3.9. Sales and Use Tax Exemption. The City will issue the Bonds and the City and the Developer will enter into the Bonds Documents to facilitate a sales and use tax exemption on qualified building materials used to construct the Project Improvements. Simultaneously with the closing of the Bonds, the City will provide a project exemption certificate to the Developer.

ARTICLE IV

PRICE ROAD ACCESS AGREEMENT

4.1. Price Road Access Agreement.

(a) The Developer will use commercially reasonable, good faith efforts to acquire an easement from the owner of Lot 1 of the Beckman Brothers Record Plat, recorded with the St. Louis County Recorder of Deeds in Plat Book 357, Page 63, necessary to provide for an east-west access road from the Project Site to Price Road (the “CVS Easement”).

(b) If the Developer is unable to obtain the CVS Easement, the City Manager, on behalf of the City, is authorized to execute the Price Road Access Agreement.

(c) The City will use good faith efforts to obtain the Public Access to North Price Road by December 31, 2022. If the City is unable to obtain the Public Access to North Price Road by such date, the Developer shall have no obligation to construct an east-west access road from the Project to Price Road (and the City and the Developer agree that the Approved Site Plan may show that the ingress and egress from Price Road is contingent upon obtaining the Public Access to the North Price Road and the Developer shall not be required to submit any revisions to the Approved Site Plan in order to show the removal of such ingress and egress from Price Road). The parties acknowledge that the initial Approved Site Plan, to the extent it shows an east-west access road to Price Road, may contain a notation indicating that the construction of the access road is contingent upon the City obtaining the Public Access to North Price Road.
