**THE CITY OF OLIVETTE WILL HOLD A PUBLIC MEETING FOR THE
DIELMAN ROAD IMPROVEMENT PROJECT**

OLIVETTE, MISSOURI, (January 13, 2020) – In 2016, the City of Olivette applied for, and was awarded, a Surface Transportation Program (STP) grant to improve Dielman Road from Fairwinds south to Tamarack. In 2017, the City applied for, and was awarded, an STP grant to improve Dielman Road from Olive Blvd to Fairwinds. Both projects call for road improvements/resurfacing and sidewalk improvements. Existing sidewalks on the eastern side of Dielman will be replaced with new sidewalks and a tree lawn where possible. New sidewalks were built on the western side of Dielman from Old Bonhomme Road to Tamarack.

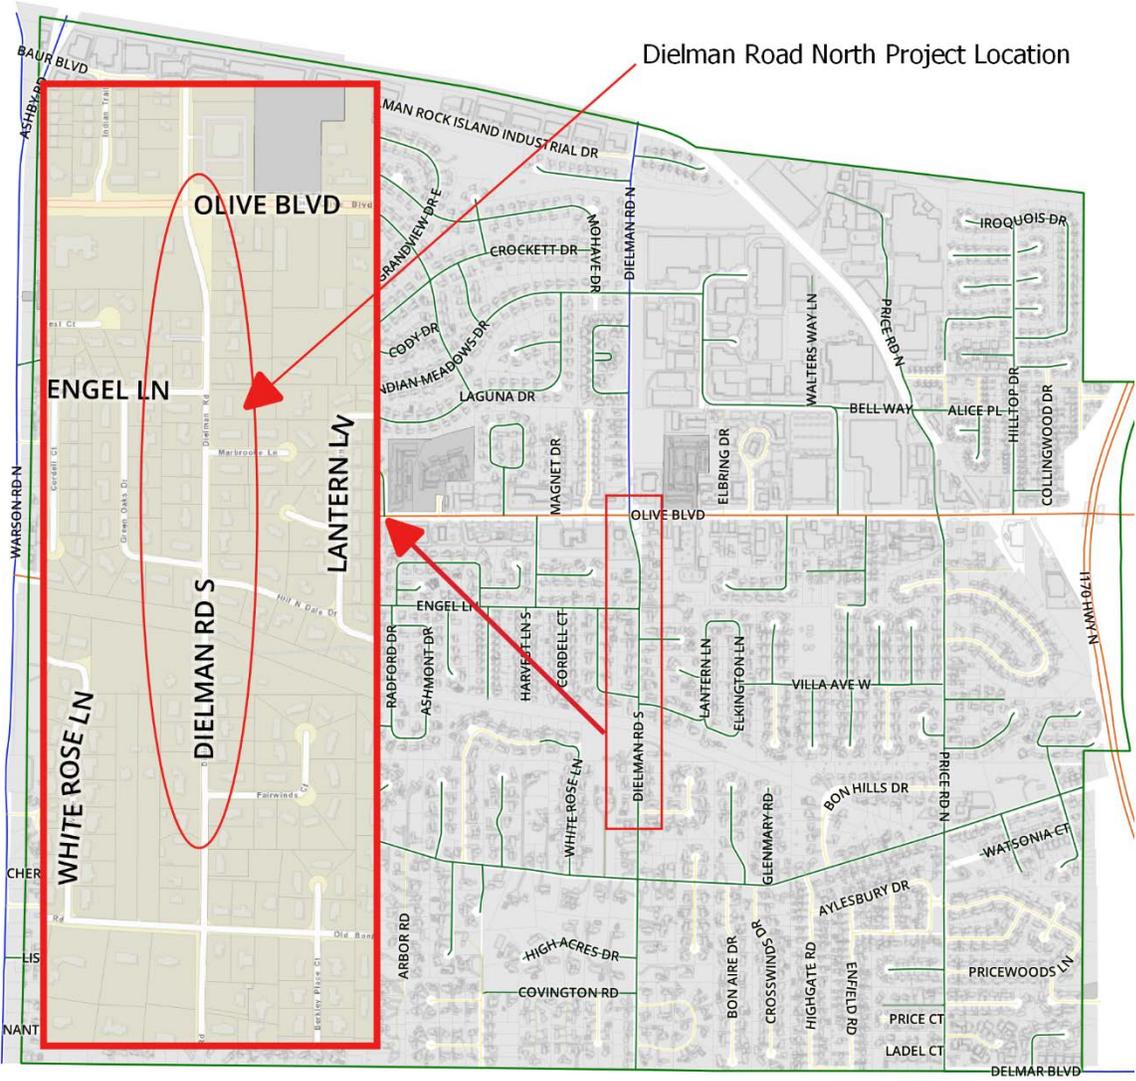

The City of Olivette will begin Phase II of the Dielman Road Improvement Project in late spring. The Missouri Department of Transportation (MODOT) is currently reviewing the plans and specifications. Once that is complete, and the Federal Highway Administration (FHWA) has obligated funds, the City will release the Requests for Proposal (RFP). The project budget is \$720,000 with 80% Federal funding.

Scope of Work:

- Milling and paving of asphalt surface
- Stormwater improvements
- New concrete deck and sidewalk on existing concrete culvert south of the recreational trail crossing (Dielman will be closed to through traffic during that phase of construction Project length 0.5 miles).

Notice is hereby given that the City of Olivette will hold a public meeting on January 29th, 2020 at 7:00 PM, at the Olivette City Center. The City of Olivette will be available to review the project design. Residents are encouraged to attend to review the project plans, ask questions, and submit comments about the project. To view the [plans](#).

If you would like more information, please call the Director of Public Works Bruce McGregor at 314-993-0252 or email bmcgregor@olivettemo.com.
