

# City Council Report

July 14, 2020

# Projects

## Olive Crossing

- Demolition of all buildings is complete. Site work grading and MSD work will begin shortly.

## Ridgehouse Development

- Demolition of all buildings has begun. Ridgehouse has closed with their financial partner.

## Planthaven Development

- PCDC gave approval to final site plans. Site plans are available on the City website.

# Projects

## Dielman Road Phase 2 - Olive to Fairwinds

- Continue to plan for an August start.

## Parks and Community Center Project

- Work continues on the final design of the new Community Center and Park improvements. In addition staff and consultants are preparing all necessary documents for a September bond sale.

## Firestone

- City Staff met with Olivette in Bloom and a Lamar Johnson Architects to develop a conceptual design for the area.

# 90<sup>th</sup> Anniversary

After careful consideration, the City of Olivette has made the difficult decision to cancel all 90th Anniversary events in response to COVID-19.

This was a tough call to make -- but the City of Olivette prioritizes the health and safety of our residents, businesses, City staff, and the St. Louis Metropolitan area.

We are exploring options to provide a virtual online experience to celebrate this momentous occasion with everyone.

# Olivette Turkey Trot

Another tough decision was how we might hold our 7<sup>th</sup> Annual Olivette Turkey Trot. While some road races are just starting to re-open, we weren't sure what November would bring.

After meeting with the good people of Big River Race Management, we realized there was a great (and safe) alternative - VIRTUAL TURKEY TROT!!

We are SUPER excited to reformat this event into something unique. Still focusing on building community and having fun!!

**MORE TO COME!!!**

# Upcoming Events!
